

# BIG CROWD AT FAIR

Many Visitors From This and Neighboring Counties Attend Big Fair Here Saturday

The second annual Crittenden Fair was in full swing at Cook Park today. The weather was all that could be desired for such an occasion and the many attractions offered drew perhaps the largest crowd ever assembled at any similar gathering here. The crowd in town was estimated at 1,000 and those at the fair about a few hundred less. The day of order prevailed and no arrests were reported during the day. There was a large display of farm products, the poultry live stock, etc., and the day was spent mainly in viewing the various displays and the awarding of prizes for best specimens of products in the stock show. The first and second prizes were awarded by the judges.

James Lewis, under two years, first prize; John A. Moore, second prize; W. H. Hughes.

# PROPOSITION TURNED DOWN

City Council Turns Down Proposition Offered by Jenkins for Street Lights for City

At the regular monthly meeting of the City Council Monday night the proposition as to whether the city shall have street lights was again taken up and discussed. The Mayor and all the Councilmen were present as well as a number of interested citizens of the town. The Marion Electric Light and Water Company was represented by Robert Jenkins, who submitted a proposition to furnish street lights for the city. Mr. Jenkins agreed to furnish the lights for one year at \$250 per month, which was \$250 less than his original proposition. The question of lights was not lights when submitted to a vote resulted in a tie, three councilmen voting for and three voting against accepting Mr. Jenkins' proposition. Mayor Boswell, having the deciding vote, voted "no" to the lights and the proposition was lost.

COURT HOUSE NEWS

Little business was before the City Court at its regular meeting Tuesday. The only case called for trial was a case against a man who had been charged with driving a car without a license. The case was dismissed.

# MARION WINS FROM OWENSBORO

Blue And White Warriors Down Mighty Owensboro Eleven With Score of 13 to 7

Prof. R. L. Jagers and Coach John Y. Brown of Marion High conducted a party of tourists from Marion to Owensboro last Friday, the party being composed of the members of the Marion High School Football Team. It is understood that all members of the party thoroughly enjoyed the tour and the good people of Owensboro were unparagon in their efforts to make the visit a howling success. It is rumored that the result of the tour was eminently successful for upon their return all members of the party were broad grins upon their handsome faces. When interviewed by a representative of the Press the leaders of the party intimated that the object of the tour was to place the city of Marion and the county of Crittenden upon the standard map used in Owensboro.

When the Marion team left on Friday for Owensboro they received a warm send off from the local supporters because there were very few of the most optimistic who believed that the Blue and White had a chance of holding the mighty Owensboro team off in many stars of the Kentucky gridiron. Marion not only showed a fighting defense that could not be smashed by Owensboro, but also the necessary attack to win. In the last few minutes of the game they realized that the great victory within their grasp was slowly slipping from their possession. The Blue and White braced under the shadow of their own goal and battled as never a Marion team fought before and stopped the attack of the Owensboro team within a scant foot of a touchdown. The final was 13 to 7.

Both touchdowns for the Blue and White were made by the Brian to Harkin combination. The Brian was intercepted with the line of a change in the Owensboro fifteen yard line and the second was completed on the Owensboro twenty five yard line. The Owensboro score was the result of a misplaying. All the scoring took place in the first half.

The Blue and White triumph over the Owensboro team was a great victory for the Marion team. It was a victory that showed that the Blue and White were not only a fighting team, but also a team that could win. The victory was a great one for the Marion team and for the city of Marion.

## Bankers Say:

Not only the Burley Tobacco Growers Co-operative Association is proving a big success in getting tobacco to better advantage and for better prices than under the old dumping or auction system, but a similar organization in the Carolinas is also securing the same results, although the season is just now under way.

Here is proof of what is being accomplished in those states by the Association. It is not denied that the auction houses are selling tobacco too, and at advanced prices over last year, in the face of an increased production. On this score we would like to ask: "Do you suppose for a minute that these prices would be paid by the auction houses if the movement to organize the growers had never been started?" Think this over.

### BANKS LIVE TESTIMONY

In Florence, S. C., there are four banks. Read what they say of the association there is doing business.

"The Tobacco Growers Co-operative Association in South Carolina is a splendid success. The city of Florence including banks and business houses is 100 percent co-operative. We feel that we have doubled the price of our entire South Carolina tobacco crop in the first year of its operation. The sales committee is meeting with wonderful success in selling our tobacco at satisfactory prices. Even the newspapers are giving the association credit for increase in price. Everyone appreciates the orderly manner of marketing as against the old dumping system.

"When the doors are opened again for buyers, we expect to see our membership increased to

nearly 100 percent. We consider the movement the financial salvation of the South Carolina tobacco farmer."

### TOBACCO MAN'S STATEMENT

The Divesbury Messenger of September 24th, contains the interesting letter, which please note was written by a man who is interested in a loss and a gain.

"I. E. Bowling, of Divesbury, N. C., district manager of merchants for the tobacco pack for both Virginia, North and South Carolina, who is also interested in the tobacco business, has written a letter to Charles A. Roper, member of the local committee looking into the tobacco business. He writes Mr. Roper as follows:

### Carolina Pool a Success

"I believe it would be worth your while for you and Mr. Will Hays and any other people that you could get to come with you to come up into the Carolinas and spend a week with me.

"At the present time, we have made sales of all the tobacco and produced more than we can possibly get at the auction and it looks to me today that we will probably sell the whole crop of tobacco before it is harvested.

"I think this is a very good thing and the success for your old will give you great prestige in making your name as I cannot give you details in a letter. I am sure you and I would make good money and you can make a name for yourself. You can make a name for yourself in the people which will be of great value to you.

"I am sure you will be able to get Mr. Hays and I have just written you what date and will come on I can have my arrangements accordingly.

"You know you are going to see Mr. Hays in a great number of our markets with his name and reputation. That name and name will open up the door and you will see the markets in Virginia and North Carolina will be open by October 1st. Please write me when I can get your name.

I. E. BOWLING

Now then, GROWERS OF DARK TOBACCO, don't you think you should join the GROWERS' ASSOCIATION NOW BEING ORGANIZED?

Don't let the week pass without signing up your crop, if you have not already done so.

W. B. YANDELL, Chairman Crittenden County Organization Committee
